The Passage Zone (38,316 acres) includes secondary travel routes which receive use as throughways and recreation destinations. Rudimentary facilities necessary to protect resources, educate visitors about Monument resources, or for public safety will be provided.

- Outback Zone

The Outback Zone (537,662 acres) provides an undeveloped, primitive and self–directed visitor experience while accommodating motorized and mechanized access on designated routes. Facilities will be rare and provided only where essential for resource protection.
