

Tooele and Utah County OHV Designations

A - Open to Motor Vehicle Use
OPEN areas allow use of all types of vehicles at all times, anywhere within the area, subject to operating regulations and vehicle standards set forth in federal and state laws.

B4 - Big Game Winter Range
Motor vehicle use is limited to designated roads from December 1 to April 15. For the remainder of the year, motorized use is limited to existing roads and trails.

B1 - Limited Use Area
Motor vehicle use is limited to designated roads and trails year-round for public safety and to assist in the protection of soils, vegetation, wildlife habitat, cultural resources, watershed, riparian wetlands, and visual resources.

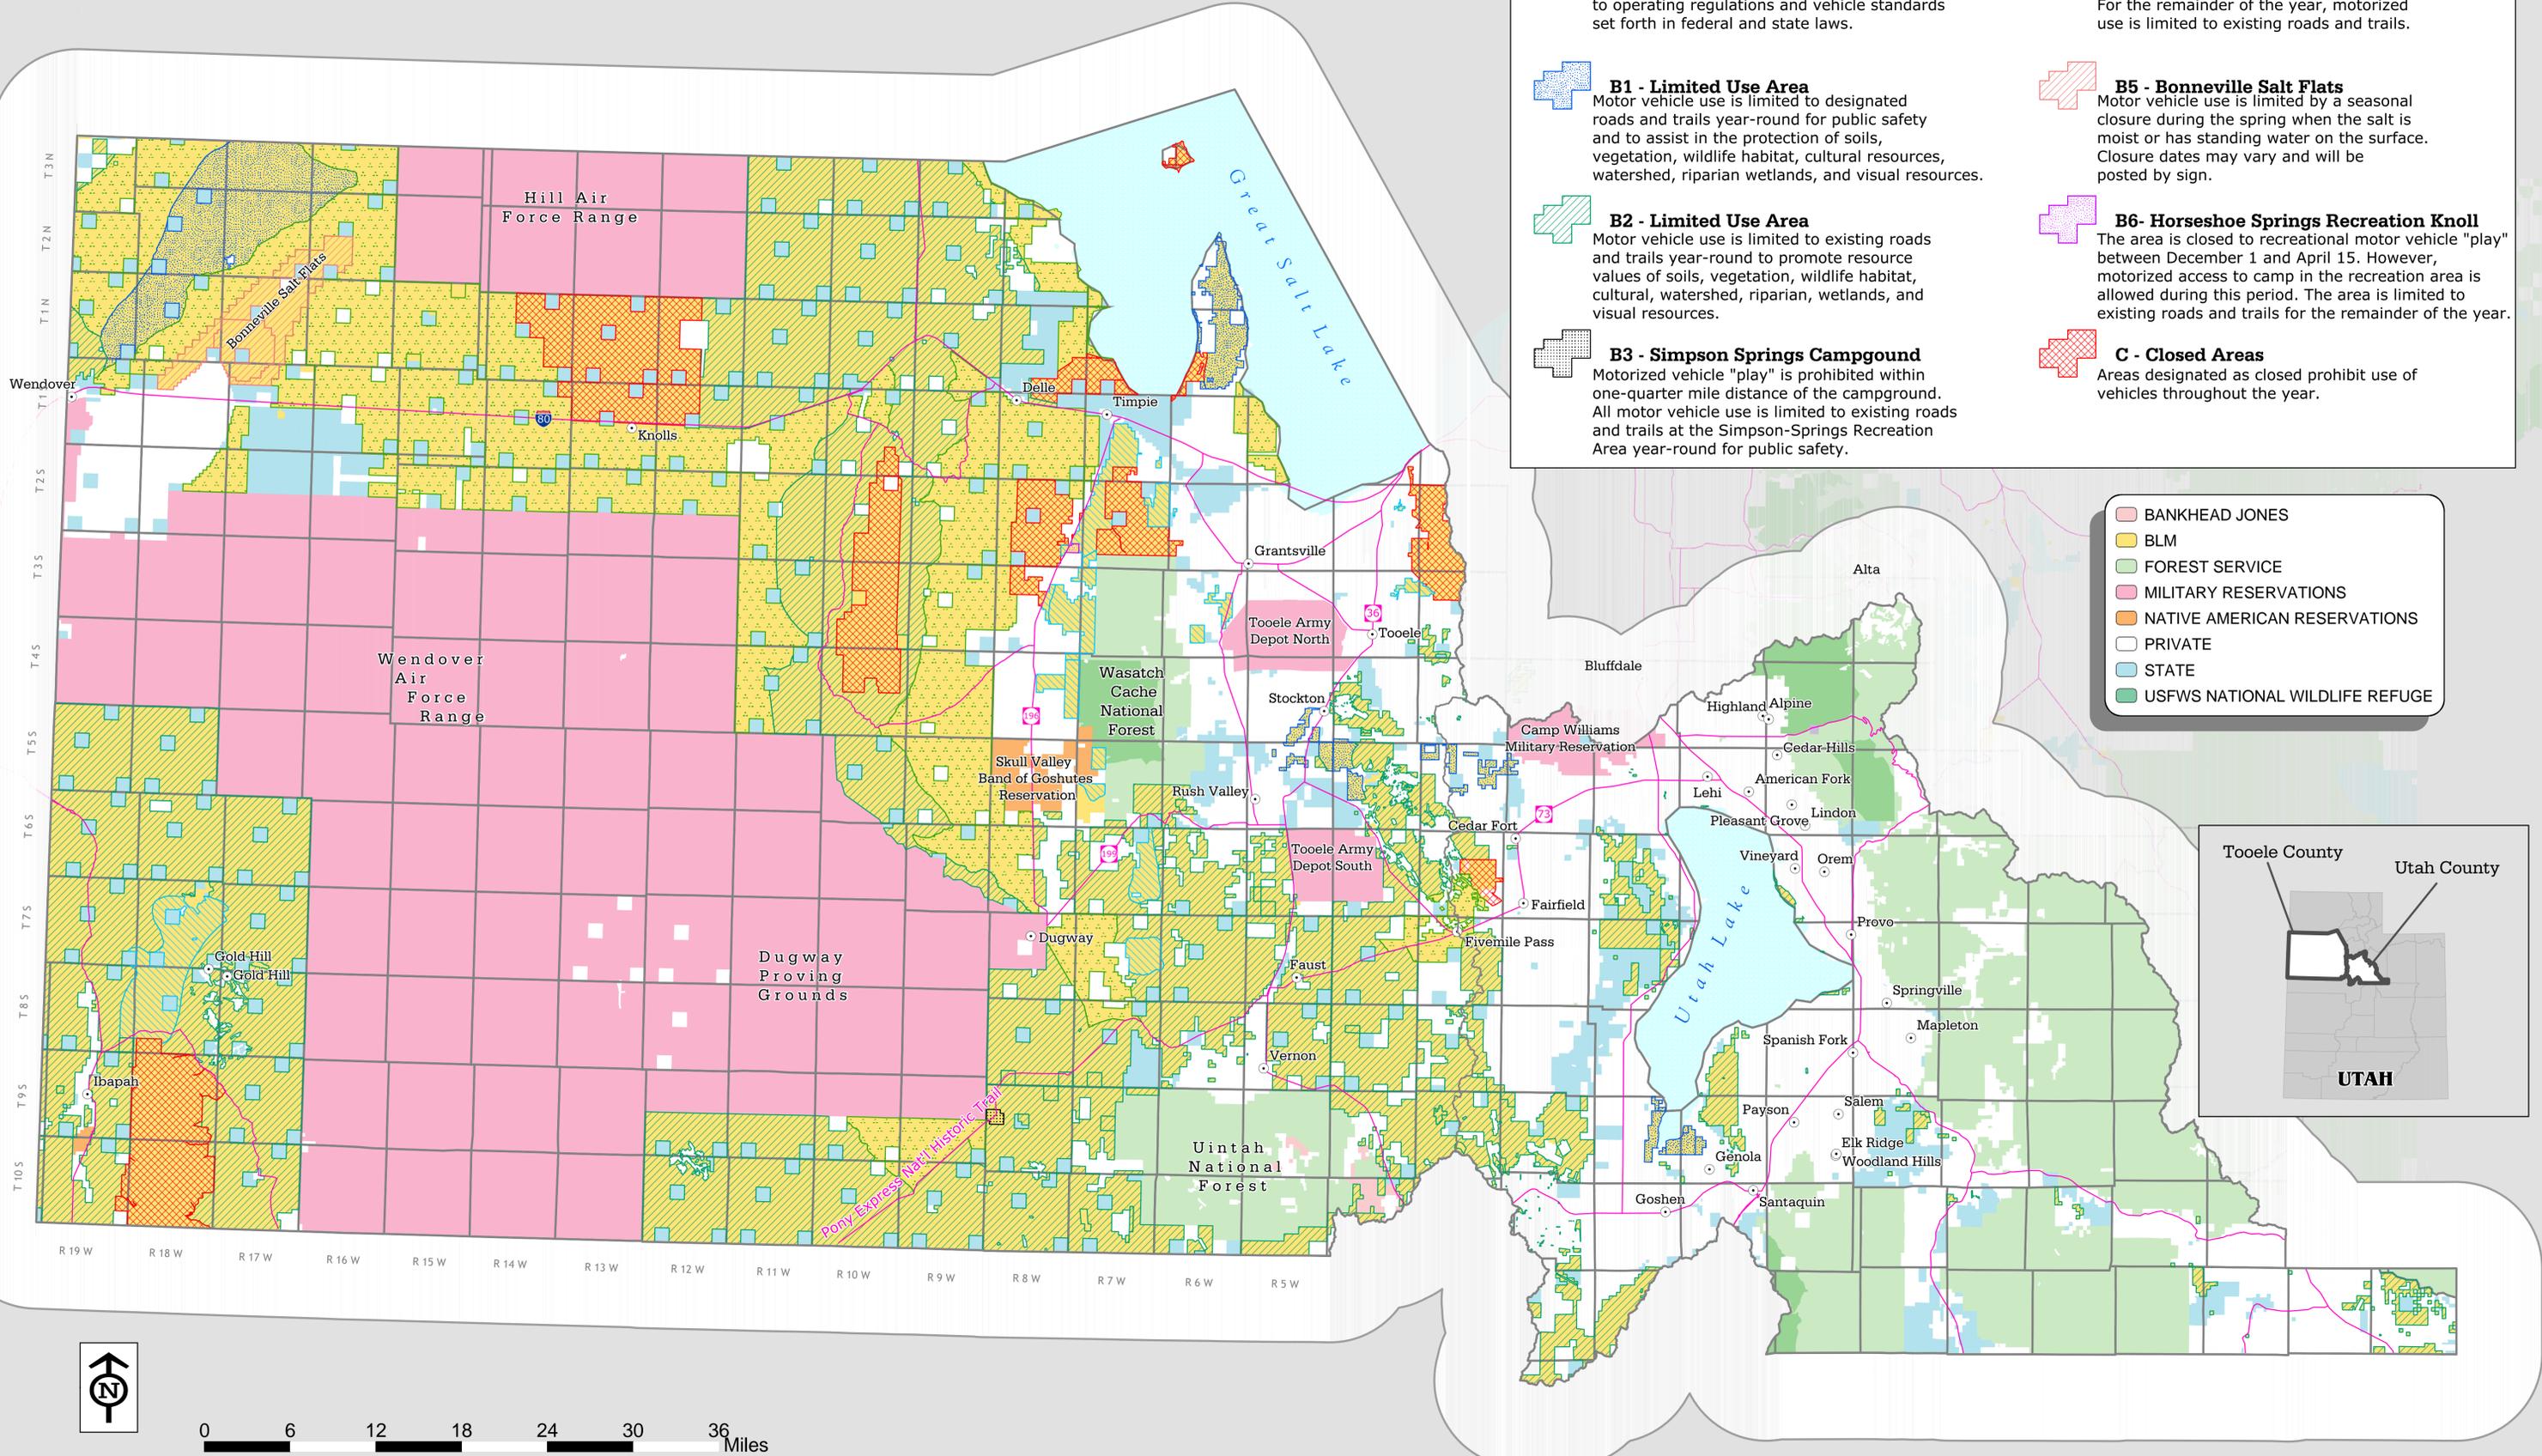

B5 - Bonneville Salt Flats
Motor vehicle use is limited by a seasonal closure during the spring when the salt is moist or has standing water on the surface. Closure dates may vary and will be posted by sign.

B2 - Limited Use Area
Motor vehicle use is limited to existing roads and trails year-round to promote resource values of soils, vegetation, wildlife habitat, cultural, watershed, riparian, wetlands, and visual resources.

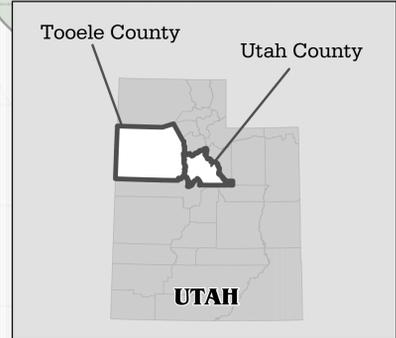

B6- Horseshoe Springs Recreation Knoll
The area is closed to recreational motor vehicle "play" between December 1 and April 15. However, motorized access to camp in the recreation area is allowed during this period. The area is limited to existing roads and trails for the remainder of the year.

B3 - Simpson Springs Campground
Motorized vehicle "play" is prohibited within one-quarter mile distance of the campground. All motor vehicle use is limited to existing roads and trails at the Simpson-Springs Recreation Area year-round for public safety.

C - Closed Areas
Areas designated as closed prohibit use of vehicles throughout the year.
